Here you will find the [menu](#) of **Sushi On The Strip** in Cranbrook. At the moment, there are **25** meals and drinks on the list. Nestled in the heart of Cranbrook, this sushi restaurant presents a hit-or-miss experience for diners. While fresh ingredients elevate the sushi offerings, some dishes, like the chewy seaweed and bland tuna, fall short. The standout avocado roll and expansive deep-fried California roll delight, though concerns arise regarding kid-friendly options and cleanliness. Portions may feel smaller for the price, and service inconsistencies, such as missing condiments, detract from the experience. Nevertheless, fast service, charming ambiance, and delightful Takoyaki redeem the restaurant, appealing to sushi lovers seeking variation in a competitive culinary scene.
