A complete [menu](#) of Sushi Park from Mississauga featuring all 57 dishes and drinks can be found here on the list. Despite being a longtime favorite, this sushi restaurant has seen a decline in quality over the years, which has become more noticeable compared to other similar establishments. The excessive amount of rice in the sushi rolls overshadowed the main ingredients, leaving diners dissatisfied. However, the affordable prices and excellent service make it a decent option for takeout. While some dishes like the Deluxe Sashimi fell short, others like the Dragon Roll and California Rolls received high praise. Overall, this small takeout joint offers a variety of sushi rolls that deliver good taste and value for money.
