McNie's has received mixed reviews from customers recently, with some expressing disappointment in the quality of the food and service. Complaints included dry fish, tasteless fries, and hair found in the coleslaw. However, other customers have praised the restaurant, particularly for their halibut and chips, scallops, and coleslaw. One reviewer even compared McNie's favorably to fish and chips places in London and Manchester. Despite some negative feedback, McNie's continues to have loyal customers who appreciate the delicious seafood and friendly service.
