The restaurant from Edmonton offers **88** different **menus and drinks** on [the menu](#) at an average price of CA\$21. One reviewer expressed disappointment in the quality of the chicken, fries, and gravy they ordered for their family, feeling it was greasy, tasteless, and not as advertised. They were also disappointed with the lack of savings from coupons. However, another reviewer praised the \$5 fill ups at the restaurant and recommended sticking with them for good service, friendly staff, and cleanliness. It seems like opinions on this particular KFC location vary.
