We have eaten here several times and the service along with the food is excellent Small menu which is key, because the quality of the food is excellent and great value. What [User](#) doesn't like about Pearson Pub:

The bartender doubled as our server and was caring and attentive, making sure to get son's food in as soon as she could, while adults took their time visiting and looking at the menu. We came here for a quick bite while staying at the adjoining Comfort Inn hotel. It was convenient, although expensive and the food was overcooked.

It's the kind of place I would only come to in a bind to get something in my stomach. You can use the WLAN of the establishment free of charge, Depending on the weather, you can also sit outside and eat and drink. Pearson

Pub, popular for its traditional Canadian meals, uses products that are typical of the country, You'll find tasty South American dishes also on the menu. Furthermore, you'll find delicious American menus, like for instance **burgers and grilled meat** on the menu, Besides the fine sandwiches, small salads and other snacks also make a good snack.
