What [User](#) likes about Sultan's Tent:

Best restaurant in [Calgary](#) for middle eastern food lovers. This is our second visit and we come from out of town.

We love the tent decoration and Arabian setting. An opportunity not just to eat good meals but also to take memorable photos. I would highly recommend the feast meal which includes Harira soup, special Moroccan salad, appetizer, couscous or tajine with choice of meat or vegetable, dessert and special mint... What [User](#) doesn't like about Sultan's Tent:

I would not recommend this place. The portion of the food was small and something you can find anywhere and not special taste to us. The price was so expensive for what we got. I would never go back to here. The healthy and flavorful **juices** on the menu excellently expand the meals of the inn, The visitors of the restaurant are also thrilled by the large selection of various coffees and tea specialties that the dining establishment offers. The selection includes easily digestible **Mediterranean meals** to choose from.
