We were visiting terrebone for the first time as a recommendation from our hotel. We came across this quaint place- excellent atmosphere and service- I ordered Salad Nicoise which was tasty and my husband ordered a burger- we both enjoyed our food and got to know the staff--they were were very friendly. Definitely worth dining there again [read more](#). What [jacques Tessier](#) doesn't like about restaurant Impression Terrasse:

Went there with family waited one hour and a half for the food, when arrived my plate was not ready, so I had to cancel!"The food was not good,service was long.The most horrible is that we could hear the owner in the kitchen saying to the staff, the hell with the unsatisfied customer.....Tell then to go XXXXXX.....what a customer oriented owner..... Dont waste your money or time with that place .... [read more](#). When the weather is nice you can also eat and drink outside, And into the accessible rooms also come visitors with wheelchairs or physiological disabilities. The comprehensive selection of coffee and tea specialties makes a visit to restaurant Impression Terrasse even more worthwhile, but also the **Greek delicacies** are well received by the guests of the establishment. Most often, the *burgers of this restaurant*, which are among the highlights, are offered along with sides like fries, leaf and cabbage salads or wedges, You can also unwind at the bar with a [freshly tapped beer](#) or other alcoholic and non-alcoholic drinks.
