I often go there with friends and family, the food there is always fresh and tasty. Service is alright, the atmosphere is spacious and clean. I always liked most of their food but I once had bad experience with their fish, also I stopped ordering their fried rice, I don't know why they would cut the portion in half. I would still recommend the place. [read more](#). What [User](#) doesn't like about New Kirin Eatery:

We ordered our usual dinner for 3. The soo gai tasted and smelled like fish. The gravy was a very weird consistency and color. When I called to speak to someone, I was told there were no fish ingredients in the meal we ordered. I am aware of this, otherwise I wouldn't have ordered it. The person on the phone would not offer any sort of compensation. I will not be back. [read more](#).
