Riverside view while dinning. Food is really good, presentation and taste are excellent. A bit pricy but worthwhile. Meal for two with wine will run you at around 150\$. Staff is really nice. My only complaint is that they don't have a dedicated fryer for fries. If you're gluten intolerant it's a problem. They are accomodating but don't have substitutes so you end up with less in your plate. [read more](#). What [User](#) doesn't like about STEAKHOUSE & BAR, Hotel de la Rive:

We were there for a fifty wedding anniversary. Food was excellent, but a little pricey for what you get. Very short menu. Music was a little too loud, and not of circonstances. It should be much softer music. Nice view of the St-Lawrence River. There is also a terrace but it was close. a little deceiving. [read more](#).
