What [User](#) likes about Baker Duck: this bakery has a large selection of different types of bakery. it is also very affordable, that is a plus. they have creations that many other bakeries do not have. the taste is just as good. I would recommend that to anyone who wants to try something new. [read more](#). What [User](#) doesn't like about Baker Duck: their rolls look very high quality with a reasonable price. they are very busy when I visited. everything looks so good and I'm ready to get a few rolls. what really turns me off is the tablet they use to carry their brot on the counter. all tablets are dirty, the papers they put on the tablet are fat (see my photos). that makes me think like a restaurant that puts your food on a dirty and greasy plate.
