The restaurant from Toronto offers 52 different **dishes and drinks on [the menu](#)** at an average CA\$10. What [Ashley O'Conner](#) likes about The Social Gardener:

I love the decor it is really natural and domestic. I had the Asian bowl, it was filling and delicious. Large vegan options, they have baked goods and make latte with almond milk. I would definitely visit again. [read more](#). The premises on site are wheelchair accessible and can also be used with a wheelchair or physical disabilities. On the drinks menu of The Social Gardener, there is something fine for every one, It shows that the typical **Canadian menus** are well received by the guests of the establishment. Surely, it's also a nice experience to feel like in the *Wild West* once, to drink and enjoy like the cowboys or even the bandits with a beverage or two paired with onion rings and a nice juicy burger, They also present tasty South American menus to you on the menu.
