A complete [menu](#) of Busters Fish House from Toronto covering all 36 courses and drinks can be found here on the menu. The newly opened Buster's Fish House in Mimico, Toronto seems to have mixed reviews, with some diners enjoying the fresh fish and crispy fish and chips, while others found the food lacking in quality. The restaurant offers a variety of menu options from fried dishes to grilled fish, salads, and sandwiches. The service was generally friendly and attentive, with reasonable pricing and a cozy dining atmosphere. Some customers mentioned that the fish was overly battered and undercooked, but others praised the delicious oysters, tacos, and friendly staff. Overall, Buster's Fish House seems to be a decent dining option for those in the area, with some improvements needed in terms of food quality and consistency.
