High Street is a long-standing restaurant that has been a favorite spot for many over the years, but recent reviews suggest a decline in the quality of their fish dishes. While some diners were unimpressed by the overcooked fish and lackluster chips, others raved about the delicious black pudding and haggis. The menu offers a mix of traditional British fare, with highlights being the steamed haddock and sticky toffee pudding. Overall, opinions on High Street seem to vary, with some patrons praising the authenticity and service, while others were left disappointed by the fish and chips. It may be worth a visit for those looking for a nostalgic taste of Britain, but be prepared for mixed reviews.
