So, I am a true fan of Len Duckworths, but it is a little ways for me to go. This is my closer to home favourite! The Halibut and Haddock are both good, the batter is crisp and not too thick. They could be a little more generous with the fries. At the cash as you are leaving they sell Snowball cookies...try one! [read more](#). When the weather conditions is good you can also have something outside, And into the accessible rooms also come customers with wheelchairs or physiological limitations. What [Arjun Yundt](#) doesn't like about My Place Fish & Chips:

The fish was so thin you'd think it was shaved, I really doubt it was halibut. The chips had the funky taste that comes with oil that hasn't been changed. Indifferent service, the waiter never came back to see if everything was ok. Overpriced, skimpy portions, another good fish chip place bites the dust. [read more](#). My Place Fish & Chips is popular for its *traditional Canadian meals*, which are prepared with products typical of the country, and you can look forward to the delicious traditional seafood cuisine.
