What [Liza Es](#) likes about Big Rock Inn:

The food was good, the ladies were friendly, would have given 5 stars with a bit more of a selection, the price wasn't too friendly, \$30 for the buffet. The ginger beef was too spicy, overall it was great food and got our satisfaction, will return if the occasion arise? [read more](#). The place also offers the possibility to sit outside and have something in pleasant weather, And into the accessible rooms also come clientele with wheelchairs or physiological limitations. What [Erika klüh](#) doesn't like about Big Rock Inn:

The staff was excellent but the food was not. We haven't been here in awhile but the quality of food has definitely gone down. The price for buffet per person was too high for the quality of food in my opinion. Some dishes seemed watery/runny. The 'meats' were rubbery, and rice was hard. I had stomach pains within 2 hours of eating. [read more](#). It's certainly always an experience to be in a typical saloon and to taste; to feel like a cowboy for once with a beer and also the **finger food like crispy fries, onion rings or a hearty burger**, and you can enjoy here scrumptious American meals like *Burger or Barbecue*. The Asian fusion cuisine is likewise an important part of Big Rock Inn. Anyone who finds the normal and generally known menus too boring can here approach with a willingness to experiment and try some exciting combination of ingredients eat, on the menu there are also a lot of Asian meals.
