Montana's is a friendly place generally, and we were not at all disappointed by the outlet in Fort Saskatchewan. My wife and I arrived a bit late for dinner but were graciously received and served. The waitress was a delightful person, and she made us feel welcome and comfortable. The food we ordered was served fairly promptly. It was fresh, hot and plentiful. An enjoyable evening for us. read more. When the weather is good you can also be served outside, And into the accessible rooms also come visitors with wheelchairs or physiological disabilities.

What User doesn't like about Montana's BBQ & Bar:

The meal was average. They served my daughter a very spicy rib in her children's dinner which didn't make much sense but it was ok. The food is average and the service was good/average. read more.
