What [User](#) doesn't like about Hanabi Fusion Japanese Cuisine:

We visited for dinner and being our first visit tried several things. The tempura shrimp and yams were excellent.

We ordered the todo? platter and the sashimi was good however the [sushi](#) rolls were not. The nori (seaweed) wrap was tough and dry, like trying to bite through paper. The wasabi was by far the mildest we had ever tasted. We may visit again but not soon. [read more](#). The customers love it when Asian cuisine meets a bit of creativity.
