With such friendly staff and great food, Java Domain is certain meet anyone's lunch cravings. I had the pleasure of sampling their borsch with a side Montreal Classic Sandwich on gluten-free bread and both were fantastic! There are very few places that offer/make gluten-free bread that actually tastes like bread--great job! To top off my already very satisfying lunch, I had a black-bean brownie, another great find! read more. In pleasant weather you can even eat in the outdoor area, and there is free WiFi. What User doesn't like about Java Domain: This is the only place to get Lattes in PR so it attracts the clientele who are not satisfied with MCDonald's or Tim's coffee. I can't say that it was a great latte or that the food is superb. It was mediocre at best and very expensive. I think Tim's latte is better and about $2 cheaper. Too bad that the owners are capitalizing on being the onstage in town. read more.
