The restaurant also offers the possibility to sit outside and be served in nice weather, And into the accessible rooms also come visitors with wheelchairs or physiological disabilities. What [User](#) doesn't like about Shogun: We went without a reservation, and it was ok we weren't at one of the service/show tables....we didn't realize that meant there would be certain things on the menu we couldn't order because of it. We got all [sushi](#) roles, and unfortunately it was the most bland food I've had in a long time. I don't mind fish eggs, but these guys really went overboard for my taste. Great prices though.
