Having heard about poutine from relatives we had to try it. We picked this little bar as it had character and seemed friendly. So it proved. It also had poutine (chips + gravy + curd cheese) - wonderful (though probably not too healthy). Including 2 beers it came to 20 Canadian. All in all an excellent experience. You should try it. Part of the price is the location- right on water street in the middle of Gastown. I had the fish in chips which were ok. The seasoning on the fries was better than the fish. They served good portion sizes and the staff was friendly.

Its a little fancier inside so i assume they are busiest in the evening. If you book a food tour in the area, some food tours do stop here. [read more](#).
