Your typical Subway, with the runway of ingredients and the distinctive bread smell. The one cool thing was the newfangled electronic soft drink dispenser with a touch screen that allowed you to select and mix multiple sodas together. Tres cool. Otherwise, it is Subway. They will make it your way every time. [read more](#). What [User](#)

doesn't like about Subway:

It's Subway, can't expect a whole lot from here. The sandwiches are pretty consistent across the country. With that in mind, I think there's been a slight decline in quality over the past few years because of rising food costs. [read more](#). Subway, popular for its **original Canadian meals**, uses products that are typical of the country, here they serve a comprehensive brunch for breakfast. Most courses are prepared in the shortest time for you and served, For a snack, you can also have the fine sandwiches, small salads and other snacks.
