I have eaten here many times over the last few years, and am always impressed by the eager, attentive service of the students AND the creative, very well prepared cuisine by their young, budding chefs. The prices are extremely low for the quality of the food served here. [read more](#). When the weather is nice you can also be served outside, And into the accessible rooms also come visitors with wheelchairs or physiological limitations.

What User doesn't like about Jane's:

Red River College should be embarrassed by what they are doing. Yes the building is great, but to have students serving you and cooking your food, you should not be charging full blown retail. I would never recommend going here unless you want a truly government experience. Free labour and they overcharge you, thanks Paul Vogt and Kirk (dean), get your heads out of your ????'s and understand the industry. [read more](#). Jane's, famous for its original Canadian meals, uses products that are typical of the country, and you have the opportunity to try scrumptious American menus like Burger or Barbecue. When you're not so ravenous, you can just treat yourself to one of the fine **sandwiches**, a healthy salad or another snack, tasty vegetarian recipes are also in the menu available.
