A complete [menu](#) of Cluck N Cleaver from Calgary covering all 39 menus and drinks can be found here on the card. Cluck and Cleaver was once known for its delicious Southern-style chicken, but recent reviews suggest a significant decline in quality. Customers have complained about greasy, tasteless food that is overpriced, burnt, and lacking in flavor. Despite the hype surrounding Chef Nicole Gomes, the rotisserie chicken fell short of expectations. The side dishes were decent but small for the price. Although some customers raved about the experience and flavors, the majority found the food disappointing, overpriced, and lacking in quality. This once-popular spot seems to have lost its charm, with inconsistent food quality and inexperienced staff.
