What [User](#) likes about Yakimono: I go to this restaurant at least once a week. They have amazing management, amazing service and amazing food. They are accommodating to everyone - even people who don't eat [sushi](#)! They had fantastic tofu dishes for vegetarians and amazing gluten free options. They also...More [read more](#). The restaurant also offers the possibility to sit outside and eat and drink in nice weather. What [User](#) doesn't like about Yakimono: For the food alone, I'd give it 3/5, however it was way overpriced so value for the money goes down to 1/5 for a final rating of 2/5. The staff was friendly and knowledgeable. The restaurant was clean, but the washroom right next to the kitchen was odd. Skip the crab and shrimp tempura appetizers. Not real crab nor real shrimp. The [sushi](#) sauces that they provided were very good. I especially liked the wasabi sauce. [read more](#). At Yakimono in Montréal you can **enjoy delicious vegetarian dishes**, that are free from any animal meat or fish, On the daily specials there are also several *Asian meals*. Yakimono uses a lot of freshly harvested vegetables, fish and meat for its healthy Japanese cuisine, The successful fusion of different menus with fresh and partially daring products is highly valued by the visitors - a good example of Asian Fusion.
