This place is great for the burger lover. We usually go once a month with family members for a quick bite to eat after work. They have a great selection of beer and the burgers are always good. They have a vast selection of specialty burgers and make your own burgers! I highly recommend this place at any of their locations [read more](#). In nice weather you can even be served in the outdoor area, and there is complimentary WLAN. The premises on site are accessible, and therefore no problem for visitors with wheelchairs or physical limitations. What [User](#) doesn't like about Mamo Burger Bar:

Extremely popular place with young and old. Food is good, but felt it was not worth the wait. It takes a while to be seated and then again another wait to get served. They pack people in like sardines (part of the popularity?)

Just eating and drinking is too simple for you? Then a visit to this [sports bar](#) is just right: in addition to large and small snacks and dishes you can watch the latest football matches, tennis or Formula 1, there are also fine [vegetarian](#) recipes on the menu. In addition, they provide you tasty dishes à la française, and of course, you should also try the **scrumptious burgers**, with sides such as fries, salads, or wedges served.
