What [User](#) likes about Hello Pizza Factory: Best quality and great deal for two Lrg pizza's for \$13.99. It's pretty close by where I live It's better than Pizza Hut there not to skimpy on the toppings like some Pizza joints. [read more](#). What [User](#) doesn't like about Hello Pizza Factory:

Price was unheard of - \$6.99 for large pizza. Toppings were okay, not too plentiful, but tasty. But the sauce - usually red and visible in other pizza places - was either very scant or non-existent. Also over-spiced with Oregano. I would probably give it one more try in case it was just a bad day as it is close by and cheap. [read more](#). Hello Pizza Factory from Surrey is known for its **exquisite burgers**, to which **crispy fries, salads and other sides** are offered, and you can expect typical *Italian cuisine* with classics like [pizza](#) and pasta. The restaurant also offers Greek delicacies such as Gyros and Souvlaki with corresponding sides. You shouldn't miss the opportunity to try the delicate pizza, baked fresh in a traditional manner.
