I went to Acajou Br with some friends & family earlier today. The food was delicious and very well prepared. The atmosphere is quite pleasant, love the decor of the place. I would definitely recommend this great Brazilian restaurant! [read more](#). The restaurant also offers the possibility to sit outside and be served in nice weather.

What [User](#) doesn't like about Acajou Br:

LIKED: the authentic dishes were a first-try for all of us (party of 5), very tasty  
LIKED less: waited over 2 hours to receive our food (fortunately gave us much time to catch-up and chat) and ate at 9pm... waitress did not seem too attentive, had to get our own cutlery from another table. Did receive an apology for the wait from management. Glad for experience but not sure I would go back. [read more](#). The eatery spoils you with a little bit of this and a little bit of that with their popular Tapas. Among the customers, especially tasty juices are highly sought after. There are also scrumptious American dishes, for example, burgers and grilled meat, Try but definitely also the original *Brazilian* meals.
