Not only The Loft was open before 11am, but the hostess was very welcoming and fed us a delicious breakfast! This place has gorgeous views from both sides of the dining room. The set-up looks modern, yet cozy and most importantly the food is delicious. Visit it on your way to see the Northern Gannets. [read more](#). The restaurant also offers the possibility to sit outside and eat in beautiful weather. What [User](#) doesn't like about The Loft:

Food was okay here fries were great, burger was really good. Every small joint in NL seems to have cod and fried chicken. I chose the latter and it was a bit too greasy for me and not the best. Service was a bit slow. Good otherwise and worth it if you are at the Bird Reserve. Plus FREE Wifi, which is a plus since cell coverage is spotty in the area. [read more](#). To enjoy and for a moment to have the feeling of being in an iconic American Hollywood production; that's not at all unusual in this *genuinely styled equipped diner*, The original Canadian meals are well received by the guests of the restaurant. In addition, there are scrumptious American meals, such as **burgers and grilled meat**, There are also nice [South American](#) dishes on the menu.
