What [User](#) likes about Haru [Sushi](#): Never before have I come across a restaurant who passion and creativity comes out in their food every serving. I frequent Haru at least every 10 days. My family and friends know that this is the only place I will go. It is terrific, fresh, and delicious. #harusushiislove [read more](#). In nice weather you can even eat and drink in the outdoor area. What [User](#) doesn't like about Haru [Sushi](#):

I haven't been here since they first opened. Back then, I remembered the food was quite good and the sashimi was very fresh. Now though, I find that the quality is average at best. The scallop sashimi didn't taste very fresh and the first two pieces of the White Dragon Roll tasted fishy. All the other food tasted fine, but I probably won't be coming back. [read more](#).
