[The Menu](#) of [W Sushi](#) from [Guelph](#) includes about 200 different menus and drinks. On average, you pay for a dish / drink about CA\$16. What [User](#) likes about [W Sushi](#): amazing food and delivery is also sooo fast. mai seem small, but I like that they cut a corner in the veggie spring roller boxes to build condensation and prevent wet foods that they wrap the soy sauce to prevent spilling into togo orders! little thing, but make me the service much better! [read more](#). What [User](#) doesn't like about [W Sushi](#): we didn't cost this place. the service was slow and diaorganized. we didn't get everything we ordered, or the quantities were not correct. then we ordered an item twice and 3 server to tell us that they didn't put it on. we also found that the quality of eating was not the greatest. unfortunately we don't go back. I found it quite expensive for what it was. [read more](#). In Guelph, traditional dishes are prepared in the kitchen of [W Sushi](#) with original Asian spices scrumptious, and **easily digestible Japanese menus** are being made with lots of freshly harvested vegetables, fish and meat. Undoubtedly, the highlight of this restaurant is the fine [Sushi such as Maki and Sashimi](#), Furthermore, the guests love the successful combination of different menus with new and partially experimental products - a nice example of successful *Asian Fusion*.
