What [User](#) likes about August Moon: August Moon is a takeout only location which I found so interesting and unique. The lady at the front is always so friendly. The freshness of the vegetables is great and the portion size is really amazing considering the reasonable price. If you order over a certain amount, you get a free dish, too! The salt and pepper squid is really delicious, too! [read more](#). What [User](#) doesn't like about August Moon:

Experience in August Moon from Calgary the diversity of scrumptious Chinese cuisine, authentically cooked in a wok, and you may look forward to the tasty typical seafood cuisine. **Menus are usually prepared quickly for you** and brought to the table, Especially the delicious juices are highly appreciated by the guests.
