I have had [pizza](#) from all three of the franchises and never a disappointment. They have a pizza called the Tyroni, which is three topping pizza, Pepperoni, Bacon and extra Pepperoni on Top and we add Pineapple for an extra mouth watering kick. We always...order the large (biggest they make) and two of us always have half a pizza left as they put on so much toppings and cheese you can't finish it. [read more](#). What [Celestino Bauch](#) doesn't like about Frank's Pizza:

We would always order from Franks about every two weeks, and the [pizza](#) was always good over the past few years. However twice in the past 6 weeks, the pizza's are not the same. Not sure what has happened. We will not order again since...the amount of toppings has changed, the quality of cooking the pizza, and other things that just do not make the grade. Their quality control needs to be stepped up. [read more](#). A visit to Frank's Pizza becomes even more rewarding due to the large selection of **coffee and tea specialties**, and you may look forward to the tasty typical [seafood](#) cuisine. Of course, there's also delicious pizza, baked straight from the oven according to original recipes, and you will find genuine [Italian cuisine](#) with classics like pizza and pasta.
