really good pizza for a really good price (I have the kombi with wings) the wings had tons sauce and were perfect. the pizza was well made with tons toppings and cheese. would recommend, will be back soon. There is no grease, no flavour, the crust tastes frozen. At least it's not a store bought frozen pizza, they obviously did make the pizza themselves but they froze it afterwards. Next time I'll get a frozen pizza for less than \$5. I pay money to get a pizza I can't make at home, not a frozen pizza. [read more](#).
