One of the good middle eastern places to eat at. The service was really good. Had the mix grill and it was so yummy. Nothing to complain about. They also gave us some fresh hot tea in the end. [read more](#). What [User](#) doesn't like about Chicken Inn:

buyer's intention. terrible and cheap portions. a whole grilled chicken for \$35 comes with 1 tiny pack of garlic (like 1.5 el). the combo also comes with baba ghanoush, but no brot? not sure how 1 tiny package is garlic enough for a whole huh. I guess I'm just smelling the garlic instead of eating it. [read more](#). A visit to Chicken Inn is particularly valuable due to the comprehensive diversity of coffee and tea specialties, Here, the *barbecue* is freshly **prepared** on an open flame. For those still considering, the inviting smell of fresh flatbread combined with the scrumptious, syrupy promise of fresh baklava might be the necessary push - the Middle East is undeniably closer than expected, well digestible Mediterranean menus are also available.
