What **User** doesn't like about E&e Drive-in: 1 star because the Pommes were good. The ordered fish and chips from here was absolutely disgusting. Bad fish we've ever had. The dough was super thick, gooey inside and rock hard outside, I could barely cut it. The fish contained therein was completely dried. We called in our order and were told 20 minutes. We went in and paid at 20mins and we're telling a few more minutes. We were almost 40 minutes before we gave our meals. When we opened the bag, there was laborious engraving on everything that was for a mess. Much too expensive for a few meals without drinks. Food, presentation, price-time efficiency 0 stars. When the weather is good you can also be served outside. E&e Drive-in from Brigus is famous for its **delicious burgers**, to which aromatic fries, salads and other sides are offered, The menus are usually prepared fast and fresh for you. You have the option to, after the meal (or during it), still relax at the bar with an alcoholic or non-alcoholic drink, Moreover, the menu of this gastropub offers a good and especially large assortment of beers from the region and the world that are definitely worth a try.
