A&W has improved their quality a lot in the past year. As a result, it is one of the few places I'll stop for a quick burger. If you're desiring some *spicy South American gastronomy*, you're in the right place: delightful menus, prepared with **fish, sea creatures, and meat**, but also corn, beans, and potatoes are in the menu, and you have the opportunity to try fine American meals like Burger or Barbecue. Menus are usually prepared in a short time for you and brought to the table.
