What [User](#) doesn't like about Happy [Sushi](#):

Terrible. I ordered off of the just eat app and although the delivery came on time, when I opened my [sushi](#) the avocado was completely moldy and disgusting! The salmon was clearly expired, because when I opened the container the stench of rotting fish was appalling, not to mention the freezer burn taste. As if things could get any worse when the delivery man came he DEMANDED i tip him! NEVER GO HERE, SAVE YOUR MONEY [read more](#). At Happy [Sushi](#) from Toronto it's possible to enjoy delicious vegetarian menus, that were made without any animal meat or fish, Besides, the successful blend of different dishes with new and sometimes adventurous ingredients is appreciated by the customers - a beautiful case of Asian Fusion. Undoubtedly, the highlight of this restaurant is the delicious **Sushi such as Maki and Sashimi**, On the daily specials there are also several [Asian menus](#).
