On this website, you can find the **complete menu** of **Sushi North** from Yellowknife. Currently, there are **19** dishes and drinks available. The **sushi** restaurant in Yellowknife has been a long-time favorite for many residents, but recent reviews indicate a decline in quality and service. Customers have noted issues with portion sizes, pre-made tempura items, and loose rolls falling apart. While the prices are affordable, some feel that the quality no longer compares to the competition. However, the restaurant still has its strengths, with fast and friendly service, decent prices, and a variety of fresh sushi options. Overall, the restaurant offers a good place to enjoy traditional sushi at a reasonable price, making it a popular choice among locals and visitors alike.
