Great food for all tastes. Good prices as well. Wide variety of plates from breakfast to dinners. It's not fine cuisine but above average for attention to details in salads, veggies and good quality ingredients. If you happen to pass by for a visit of the area, a nice spot on the terrace too! They have a nice wine selection, no fancy wines but decent for the price. [read more](#). What [User](#) doesn't like about Restaurant Les Glaces:

We stopped eating here because it was near the beautiful river motel or we slept. My caesar was poor, I didn't drink it, really full of water. Wine not too good, either. My plate of shrimp was correct, the rice a little dry. Then the smoking pudding was very hard (before I think). Well, it was worth less than we paid. Don't bother, do your research and find better in this city of over 100 restaurants! [read more](#).
