A **comprehensive [menu](#) of Sushi Umibe** from Maple Ridge covering all **18** courses and drinks can be found here on the food list. An online magazine recently reviewed a [sushi](#) restaurant, noting the intimate seating arrangements and cleanliness. While the food was deemed very good and fresh, there were mixed reviews on the service. Some customers praised the quality of the rolls, highlighting favorites like the crazy boy and big boy roll. Prices were considered reasonable for the portion size, with some considering the establishment one of the best sushi places in the area. However, slow service and less-than-fresh sushi rice left some patrons disappointed. Overall, the restaurant received praise for its food quality and prices, but improvements in service were suggested for a better overall experience.
