We come from Alberta and visit first two to this restaurant. Food is very nice and provide hot hygiene food. customer service is very excellent too and don't wait too much time for serving. At the end, we ask for one of guy and he is belongs to Punjab India they provide us very humble service and very reasonable price compared to others. Please visit this restaurant to everyone. Service: Dine in [View all feedback](#). What [Vasu Dev](#) doesn't like about Malwa Punjab Sweets:

1. The tasty flavors of Indian curries come with a generous amount of butter or ghee, which might not suit those counting their calorie intake. 2. While they were once making the city's best sweets, that is not true anymore. 3. if you're planning to dine in, you may be need to give a second thought as , the fan located just outside the kitchen functions as an exhaust, bringing the spicy hot air from the kitchen into the dining area. Food: 3.
