beautiful place for a meal. the original black brain katsu was recommended and the teig was crispy while the black was still juicy. large proportions, although the prices on the higher side (to be fair, most places are now pricier.) it took some time for eating though they were not busy, although if they are in a hurry, this could be a problem. The first time we had takeout several months ago, it was awesome. Juicy, generous portions. However, our second try of their takeout (today) had pieces that were partly raw. [View all feedback](#).
