What [P_H](#) likes about Bison Restaurant & Terrace: Unable to get the reservation made online but, called well in advance and then expanded reservation to add new friends from Backroads trip. Varied menu options to satisfy all. Started with wine, shared a salad with spouse and main dish of bolognese was excellent and mushroom stroganoff was also good (SALTY). No room for dessert. Excellent service. Great location downtown near hotels. [View all feedback](#). What [Emmet Koss](#) doesn't like about Bison Restaurant & Terrace:

The restaurant is located in the middle of Banff. The food was tasty, the service was great however when I asked for some extra parmesan cheese as there was hardly any on the pasta I was charged 4.00 for that very small portion of grated cheese. I have never ever been charged for that extra cheese I mentioned it to the waitress she said that she will inform the cheff It is a rip off Exorbitant prices [View all feedback](#).
