Our motel was just next door so we tried this restaurant, actually outdoor area. There was a full menu but we just tried the chips, which were delicious. There was an order window, benches, picnic tables and a condiment area. It reminded me of beachside chip wagons that were always a part of my summers. [View all feedback](#). What [User](#) doesn't like about Country Chip Wagon:

I ordered the fish and chips. The perch was good. But the french fries tasted like McCains fries. Would have been great if they had home made fries. Apparently its won awards, so other orders must be good. [View all feedback](#).
