For **seasonal or weekly deals**, please get in touch via phone or use the contact details provided on the website. Chuck E Cheese's has undergone some changes recently, transitioning from coins to cards and increasing some play prices. This has left some customers feeling disappointed, with one parent noting that \$150 now only gets their kids about 30 minutes of playtime. Despite this, children are still having a great time playing games and enjoying the pizza at the establishment. However, some customers have noted issues with cleanliness and misinformation from staff members. Despite these setbacks, families continue to visit Chuck E Cheese's for fun-filled afternoons, with some even planning birthday parties at the venue. The staff have been commended for their efforts to ensure all kids have a chance to play, even in busy situations. Overall, Chuck E Cheese's remains a popular choice for families looking for a fun and entertaining experience.
