Here you can find the [menu](#) of Apache Burger in Etobicoke. At the moment, there are **26** courses and drinks on the card. Located near Kipling subway station in Toronto, Apache Burger has a long history but recent reviews show a decline in quality. While vegetarian options are available and the fries are good, the cash-only policy and inconsistent food leave much to be desired. Some loyal customers still enjoy the classic burgers and atmosphere, but others find the experience overpriced and disappointing. Despite its fame, Apache Burger may need to step up its game to compete with newer burger joints in the area. However, the late-night hours and nostalgic charm may still make it a worthwhile stop for some.
