Here you can find the [menu](#) of **Karoon Restaurant** in London. At the moment, there are **30** courses and drinks on the menu. Karoon in London, ON is one of the few decent halal food options, but recent reviews have expressed disappointment in its customer service. While the food is generally good, the owners' refusal to make simple substitutions for customers with allergies has left many feeling unwelcome. Despite being under new management for two years, the rude behavior of the owners' wife and the decrease in portion sizes have soured the dining experience for some. However, there are positive reviews praising the authentic and delicious food, as well as the friendly service. Overall, Karoon offers a mixed experience with some customers vowing to return for the quality food and others advising to seek alternatives.
