Here you will find the [menu](#) of **Lakeside Chophouse** in Improvement District. At the moment, there are **75** dishes and drinks on the menu. Glacier Bistro in Waterton received mixed reviews from customers. Some complained of low-quality food, such as sandwiches with hard bread and muffins that tasted stale. Others found the atmosphere lacking in charm and the staff to be less than enthusiastic. However, there were positive comments on the innovative menu, attention to dietary restrictions, and excellent service at the restaurant. The prices were noted to be high, typical of the area, but customers appreciated the convenience of having Starbucks coffee available. Overall, the restaurant seems to have some room for improvement, but it can still offer a satisfying dining experience, especially for those exploring the beautiful scenery of Waterton.
